

Dan Holloran

I am looking for a mid-sized team where I can mentor developers and work on exciting projects, hopefully in Web3 or AI. I have over 10 years of experience in web development, experienced with WordPress, Laravel, Jamstack (React.js), Vue.js, and more.

CONTACT

PROFESSIONAL EXPERIENCE

Senior Frontend Developer / Tradier

February, 2021 - March 2025

🔗 tradier.com

- Tradier is a Fintech company in Charlotte, NC, developing APIs and UIs for stock market trading.
- Enhanced and maintained the frontend platform, ensuring optimal performance and user experience.
- Leveraged Vue.js to implement dynamic and responsive user interfaces.
- Mentored and guided younger developers, fostering professional growth and enhancing team collaboration.

Engineering Director / Ample

October 2019 - February 2021

🔗 ample.co

- Ample is a digital agency in Cincinnati, OH.
- Led one of two development teams responsible for key technical decision-making.
- Oversaw team members' career progression and professional development to foster growth and enhance skills.
- We specialize in building Jamstack websites using React.js (Gatsby.js/Next.js) and hosting on Netlify.

Lead Developer / Matchbox Design Group

November, 2012 - October 2019

🔗 matchboxdesigngroup.com

- Matchbox Design Group is a full-service digital agency in St. Louis, MO,
- Specialized in intuitive and user-friendly custom websites.
- Managed the development process for multiple projects
- Developed and implemented complex backend features in PHP to enhance website functionality.
- Improved communication and workflow for diverse client projects.
- We worked primarily with WordPress, Laravel, and Vue.js.

Volunteer Mentor / Launchcode

2016 - 2017

🔗 launchcode.org

- LaunchCode is a program that aids the transition to development via education and job placement assistance.
- Mentored three participants in total.
- Guided final projects, focusing on coding best practices, process optimization, and architectural design.
- Fostered a collaborative learning environment to enhance participants' technical skills and project outcomes.

Web Developer / Freeman Marketing

May, 2012 - November 2012

- Freeman Marketing was a small WordPress agency in St. Charles, MO
- Designed custom WordPress websites for local businesses to boost their online presence.
- Transformed Photoshop mockups into responsive and engaging WordPress marketing websites.
- Contributed to content development and SEO strategies, enhancing website visibility and search rankings.
- Mentored and guided an intern web developer, fostering their education and professional growth.

EDUCATION

Web Design & Development Bachelor Degree

Full Sail University / Winter Park Florida / March 2012
